

# BUSINESS SCHOOL PREP MODULES

**MBTN**  
ACADEMY

## SUGGESTED MODULES:

- Statistics 1: Introduction
- Algebra 1
- Percentages
- Growth Rates
- Financial Statements 1: Introduction
- Margins 1: Introduction

**Statistics I** addresses measures of central tendency and measures of variability.

**Algebra 1** reviews algebra skills needed for MBTN including order of operations, techniques for solving for X, and converting business problems to the appropriate equations.

**Percentages** provides an introduction to calculating percentages in a business context, as many key performance measures use percentages, such as financial returns, growth rates, and market share.

**Growth Rates** covers simple growth, average annual return, CAGR, and converting effective growth rates from one time period to another.

**Introduction to Financial Statements** introduces the balance sheet, income statement, and cash flow statement at an introductory level.

**Introduction to Margins** explains the relationship of price, cost, and margin at a basic level.

**Cover business math basics before starting your curriculum. Build your confidence and competence for just \$15! Continue on and earn MBTN certificates!**
